

Key Stage: 4

Subject: Spanish

Aims of the subject: Our aim is to inspire a love of languages and an appreciation for different cultures. We want to broaden pupils' horizons and educate them about the advantages of being globally aware and culturally sensitive. We aim to teach pupils the importance of being literate, of having excellent communication skills, and of speaking more than one language in our increasingly global community.

Lessons are highly interactive and pupils will practise the skills of listening, reading, speaking and writing throughout the GCSE course. We will build an awareness of Spanish grammar to enable pupils to manipulate language and express themselves with increasing confidence. We will practise a range of examination style questions and skills to ensure pupils are well prepared for the GCSE examinations at the end of Year 11.
