Dear Parent/Guardian,

## **A Level Mathematics AQA revision guides, revision workbooks and student books.**

As part of A Level mathematics revision, all Year 12 students have the opportunity to buy revision guides, workbooks and student text books for the new course. The school is able to offer these books much cheaper than the published retail price.

If you're after study and practice in one place, this brilliant Complete Revision & Practice Guide (Year 1 of A-Level) AQA Maths has everything covered. It's bursting with essential revision notes and worked examples for every topic, plus plenty of questions to test students on what they've learned (including answers). There is also the option to purchase the Years 1 & 2 Complete Revision & Practice Guide bundle and also the Complete Revision & Practice Guide and Exam Practice Workbook bundle to make sure students are 100% prepared for the real exams.

What's more, the in-depth Student Book (Year 1 of the full A-Level) covers all the Pure Maths, Statistics and Mechanics content needed to tackle the first year of the new AQA Maths course. It's bursting with no-nonsense theory and plenty of step-by-step examples — plus helpful tips to make the trickier bits easier to handle. There is also included a wide range of practice questions with fully worked answers. And to cover everything the examiners could ask for, there are modelling and problem solving questions and examples throughout the book.

If that wasn't enough, this book also comes with a free Online Edition (accessed using the unique code printed inside the front cover) that lets you read the entire book on a PC, Mac or tablet. For complete full A-Level coverage, a Year 2 AQA Student Book for A-Level Maths is also available!

To purchase one or more of these books, please complete the tear-off slip below. The preferred method of payment is online at [www.scopay.com/ripley](http://www.scopay.com/ripley) using your personal login details from the letter issued to students. Please select which books you would like to purchase and enter the total amount payable under the heading Year 12. Please be sure to return your order form once online payment has been made. Alternatively, you may wish to pay by cash. The order form, together with any cash payment, should be placed in a sealed envelope clearly labelled with 'A Level Maths revision books' and your child's name and put in the blue box outside Learning Support. The deadline for payments is Friday 8<sup>th</sup> December.

Yours faithfully,

Mr N Houghton  
Subject Leader, Mathematics
