Dear Parent/Carer

School Synergy – Parent Portal

We have recently introduced School Synergy to go with the new website. This system helps manage and report on many aspects of school life including behaviour, homework, attendance and communication. This new system replaces the old website Parent Portal that you may have used in previous years. The password you used with the old Parent Portal will not work with the new version.

To access the new Parent Portal, please visit the school website and click on the "Parent/Student logon" located on the blue bar at the top of the homepage. On the resulting screen, click on "Reset Password" and enter the email address which is registered with the school in the resulting form. You should receive an email to that address within half an hour. Please follow those instructions.

Please be aware that emails can end up in your junk/spam folder, so please do check there if you don't seem to receive the email.

Our vision is that School Synergy will become the single access point for all parents and carers, providing up to date school news and information. It will become a place to communicate and engage with school, giving you the ability to track the progress and development of your child as it happens.

If you require any assistance, please complete the Parentline online form on the school website at <https://ripleystthomas.com/contact/>

Kind regards

Mr G Gomersall
Director of Operations
