

RIPLEY READS

Lord of the Flies By William Golding Recommended by Mr Merritt

Week Commencing 5 October

A plane crashes on a desert island.

The only survivors are a group of schoolboys.

By day, they discover fantastic wildlife and dazzling beaches, learning to survive.

At night, they are haunted by nightmares of a primitive beast.

Orphaned by society, it isn't long before their innocent childhood games devolve into a savage, murderous hunt.

For some in the group - these games are brutal and truly terrifying.
