

## Le français au lycée de Ripley

Félicitations! Congratulations on choosing French at Ripley 6<sup>th</sup> Form. We know that you will enjoy the course and are glad that you are joining us.

Attached is a booklet of exercises that will help you prepare for A-level French. All six of our year 12 topics are covered. The booklet contains six listening and six reading exercises. We would like you to complete **half** of them. So, six in total. It is up to you which ones you choose, although it would be a good idea to include both listening and reading. Of course, should you wish to do more that would be wonderful!

As the exercises are all A-level standard, we have created some Quizlet sets to help you. It would be a good idea to use each Quizlet set a few times before attempting the relevant exercise. The link to join the Quizlet group is here:

<https://quizlet.com/join/FJKJQCwPz>

These exercises will be collected in when you start in September, so keep them somewhere safe.

An important part of French A-level is developing an awareness of life in France and francophone countries, so please keep your ears open for anything about France on the news. Speaking of ears, it would be great if you listened to some French music (eg. Bigflo & Oli, Louane, Franko, Grand Corps Malade) and there are loads of brilliant French series on TV at the moment (eg Spiral on I-Player, Lupin on Netflix, The Announcer on All4). And, of course, watching French films such as La Haine, Intouchables and Amélie, would make an excellent introduction to the cinema topic.

Voilà! We're looking forward to working with you in September.

Bonnes vacances!
