Monster Hunting isn't as easy as it looks.

And Jack should know because he finds himself apprenticed to a grumpy, 200-year-old monster hunter called Stoop and heading off to Cornwall, where more ogres are causing havoc.

All he has are his wits, his catapult and a book called Monster Hunting for Beginners.

Jack's a bit worried he might not be the hero everyone's waiting for.

But then again, how many terrifying, bloodthirsty monsters can there really be?

Answer: Absolutely loads.
