

Apprenticeships

National Apprenticeship Week
7th to 13th February 2022

National Apprenticeship Week takes place from **Monday 7th to Sunday 13th February** with the aim of raising awareness of apprenticeships.

This is your chance to explore the different levels of qualifications and the industries you can work in, as well as the benefits of apprenticeships and how they compare to university as a potential future pathway.

Be curious. Even if you think you know for sure that university is the path for you, take a look.

You never know what you might discover!

UCAS

UCAS's **Discover Apprenticeships** is a live virtual event on Wednesday 9th February 10.00-18.00 offering a variety of sessions to help you understand more about what's involved in apprenticeships.

- Hear from current apprentices about their experiences
- Meet and speak to employers and apprenticeship providers about what opportunities await you
- Discover live interview clinics and CV workshops
- Join live sessions to find out how you can land your dream apprenticeship

Find out more and sign up on this link:

The National Apprenticeship Show takes place live online on Wednesday 9th February between 11am - 6pm and will bring together employers and providers with those wanting to find out more about what apprenticeships can offer. Employers will include Sky, NHS, EDF, IBM, Home Office, Google, KPMG and Astra Zeneca amongst others.

Please visit the link below to book your place at the show:

Manchester Metropolitan University, a leading university provider of Degree Apprenticeships, will be hosting a dedicated virtual parent and carer session designed to give a clearer understanding of Degree Apprenticeships and the application process, and answer frequently asked questions. This takes place on Saturday 12th February:

Where do you start researching apprenticeships? How do you work out if they could be a good option for you?

A good way to start is by looking at the subjects you are interested in, the subjects you could see yourself continuing to study after you leave school. Take a look at the subject films and other resources created by Amazing Apprenticeships on the link below.

What apprenticeships are available in each of your favourite subject areas? Did any surprise you?
