## Week Commencing 21 March

Will lies in a deserted lane.

All he knows is that he's had an accident  
and that his life is slipping away.

Against all the odds he survives - but with  
an almost total loss of memory.

He does not even know himself.

And that is not all.

At night he is tormented by visions, in the  
daytime by hostile strangers.

Why does he have so many enemies?

And who is the strange child who seems  
to have a story to tell him?

Something has happened in this town,  
something terrifying.

Will can sense it but he can't work out  
what it was.

Perhaps the old Will knew.

But that was before the accident.

The new Will must search for the answers  
again - and this is a dangerous task.
