Week Commencing 14 March

For more than fifty years, the country has been affected by a horrifying epidemic of ghosts.

A number of Psychic Investigations Agencies have sprung up to destroy the dangerous apparitions.

Lucy Carlyle, a talented young agent, arrives in London hoping for a notable career.

Instead she finds herself joining the smallest most ramshackle agency in the city, run by the charismatic Anthony Lockwood.

When one of their cases goes horribly wrong, Lockwood & Co. have one last chance of redemption.

Unfortunately this involves spending the night in one of the most haunted houses in England, and trying to escape alive.
