

THE ARCHBISHOP OF YORK YOUTH TRUST

Be the Change you want to see

Young people have the power to change the world. The Archbishop of York Award is designed to empower Young Leaders to transform society and to inspire others to do the same.

The Young Leaders Award (YLA) is a fully resourced leadership and character education programme designed to be delivered by teaching staff within the classroom.

The KS3 Award is a fully resourced leadership and character education programme for delivery within schools. It supports students to become confident and resilient leaders, who develop a growth mind set, become independent thinkers and good communicators, and who have compassion and care for their communities. The Award also has strong links to SMSC, British Values, PSHE, Character Education, Citizenship, RE and SIAMS.

In delivering a comprehensive RE syllabus that promotes pupils' understanding of Christianity as a living world faith, the RE department at Ripley St Thomas values the lessons in the YLA that explore the link between faith and leadership. For example, pupils learn about inspirational leaders, including people of faith, who have had a significant impact on the lives of people worldwide. Pupils explore the work of national and global Christian charities working to help others. Through this they appreciate how faith is expressed in actions. The KS3 Award incorporates biblical texts, which help pupils consider the impact Christian teaching can have on society and the lives of others.

The Award activities draw out the skills of enquiry, critical analysis and interpretation, posing challenging questions about the meaning and purpose of life and belief, what it means to follow Christian teaching to serve others and issues of right and wrong. Pupils are given a safe space to discuss, debate and critically reflect on these issues.

The Archbishop of York Award

– here's 8 reasons why we do it.

1. The Archbishop of York Award will not only **help you to get into further education, training and employment**, but will **make a massive difference to the communities in which you live**.
2. You will **develop your character** e.g. compassion, patience and resilience **as well as your leadership skills** e.g. communication and teamwork.
3. Together we'll begin to think about **what we can do to bring hope to areas of need in the school and in your local community**.
4. You'll be involved in **projects that will help you 'be the change you want to see'**.
5. You'll plan for **three personal projects that will help serve your community**. This could be a sponsored walk / run / swim / climb, running an activity about serving others in your scouts/guides or youth group, writing to the council about an issue or even committing to cook the tea once a week for your family, or putting the bins out, taking your neighbour's dog for a walk.
6. You'll think of something which you can do **as a class or a year group** that will help **transform life in your school community**. For example; organising a field litter pick, painting a tired area of school, organising charity cake stalls, helping clean up or serve in the canteen.
7. You'll think of something which you can do **as a class or a year group** that will help **transform your local community**. This could be serving a local elderly people's home, redecorating a local park, creating a community garden, supporting a charity, running sports clubs for the local primary school.
8. There'll be **lots of other reasons** that we haven't even thought of that will become obvious throughout the course of the year!
