Week Commencing 17 June

Veronica wakes up trapped with four strangers in a sprawling manor house in a snow storm - with a dead body. It feels so real – but it isn't.

This is VR and this is THE Game; a rumoured Easter Egg hidden in other VR games that draws you into a competition for a prize beyond your wildest dreams. And there's no escaping the VR world until the Game is won.

But while Veronica and her fellow players are trying to figure out the puzzle a player dies, and also dies in real life.

Without warning, the game Veronica thought she was playing gets overshadowed by a much darker, and much more real mystery.

It may not be a game Veronica wanted to play, but it's one that she has to win – or die trying.
