6.2. Pupils with an EHCP, which names the academy as the educational provider, will be given priority under the admissions criteria.

6.3. The Governing Body will keep the admissions criteria under review to ensure that SEND provision is provided for as required under SEND code and the Academy's Funding Agreement.

7. Identification and Assessment

7.1. Identification of SEND will be built into the Academy's overall approach to monitoring the progress and development of all pupils.

7.2. Upon entry into the Academy all pupils will be assessed to identify their current skills and level of attainment. The data from these assessments will be collated and considered by the SENDCo with relevant teaching staff and senior leadership.

7.3. The Academy will liaise with previous schools and external agencies, where appropriate, to identify pupils with SEND.

7.5. Particular care will be taken when assessing pupils whose first language is not English.

7.6. The SENDCo will work closely with staff at all levels in order to recognise any pupil behaviours which would indicate SEND during their academic performance.

7.7. Any decision regarding a pupil's SEND will be communicated to the parents and the pupil.

8. Individual healthcare plans

8.1. Where a special educational need is identified the Academy may decide to implement an individual healthcare plan to support the pupil if the SEND is also a medical condition requiring additional support.

8.2. The SENDCo is responsible for the development and implementation of individual healthcare plans for pupils with the involvement of, and in consultation with, the pupil's parents, school staff and any healthcare professionals involved in providing care to the pupil.

9. Education and Healthcare Plans

- 9.1. Where the Academy feels that the pupil could be further supported with the implementation of an EHCP it will work in consultation with the pupil's parents, teachers and SENDCo to develop an application to the Local Authority.
- 9.2. While the Academy will make every effort to support an application for an EHCP where it feels an application is appropriate, it cannot make any determination as to whether the pupil will be assessed for an EHCP or whether one will be granted, as this remains a question for the local authority.
- 9.3. Where an EHCP has been granted and is in place with the Academy named within it, the Academy will make every reasonable effort to implement the plan. The Academy will carry out an annual review of the plan to ensure its effective operation.

10. SEND Provision

- 10.1. The broad areas of need that will be planned for are:

- 10.3. As young people prepare for adulthood outcomes will reflect their ambitions, which could include higher education, employment, independent living and participation in society.
- 10.4. The Academy maintains a high quality of teaching to ensure the best access to education is available for all pupils.

14. Approach to teaching children and young people with SEND

- 14.1 It is paramount that all pupils with Special Educational Needs follow the same ambitious curriculum, alongside their non-SEND peers, which is taught by subject specialist teachers. All pupils are entitled to the same educational offer. As a result, our universal approach is to the benefit of all learners, and to ensure that all pupils are both supported and challenged within the classroom environment. Teachers, and support staff, have appropriate training to ensure that their delivery meets the needs of all pupils.

15. Adaptations to the curriculum

- 15.1. Teachers at Ripley St Thomas, as well as support staff, will make adaptations to learning based on information and key strategies provided in pupil passports to allow all pupils to access the curriculum and succeed.
