#### Part A: Pupil premium strategy plan

#### Statement of intent

Our aim is to provide all students with the opportunity to achieve their potential. We employ strategies and interventions aimed at removing any barriers to learning and personal development, caused by deprivation, personal circumstances or learning gaps. We ensure all students have full access to a wide-ranging academic curriculum and rich co-curricular provision. In this way we aim to develop well rounded individuals who achieve their ambitions and go on to flourish in life.

It is our intention that children in receipt of Pupil Premium achieve to the best of their ability, addressing any barriers to learning that may present themselves.

It is our intention that children in receipt of Pupil Premium have high levels of attendance and receive support for this where it is necessary.

It is our intention that children in receipt of Pupil Premium have as many opportunities as possible to experience co-curricular activities and educational trips, regardless of barriers to this.

Our ultimate objective is to enable all these young people to flourish spiritually, academically and personally so they can live life in all its fullness.

#### **Challenges**

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	To improve the reading and writing proficiency of pupils identified in early testing as not currently meeting age-related expectations.
2	To reduce the gap in Attainment 8 and Progress 8 between children in receipt of the Pupil Premium and those who are not.
3	To address any attendance issues – particularly those at risk of being at the persistent absence level.
4	To enable engagement with co-curricular activities and educational trips, addressing financial barriers where needed.
5	To reduce the proportion of children in receipt of Pupil Premium who are at risk from being suspended from our school.

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils in receipt of Pupil Premium funding achieve in line with expectations.	Reduce the gap in Attainment 8 and Progress 8 between children in receipt of the Pupil Premium and those who are not.
Attendance of children in receipt of the Pupil Premium to be in line with their peers – particularly in KS4.	Reduce the gap in attendance rates between children in receipt of the Pupil Premium and those who are not.
Increased number of children in receipt of the Pupil Premium attending co-curricular activities and educational trips.	Statistical data to demonstrate an increase in the uptake of co-curricular activities and targeted educational trips for children in receipt of the Pupil Premium.
Further develop a programme of early intervention behaviour support.	Reduction in the percentage of children in receipt of the Pupil Premium who are suspended as a proportion of all incidents resulting in this sanction. Ensure early intervention for support with behaviour.

# Part B: Review of outcomes in the previous academic year

#### **Pupil premium strategy outcomes**

This details the impact that our pupil premium activity had on pupils in the past four academic years.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021. The data for these two years is based upon the CAG/TAG grades awarded. Progress 8 figures for these years are subsequently indicative based upon the large collaborative data set for all schools nationally who use SISRA software.

# 2024 – 2025 Pupil Premium & SEND participation data

Co-curricular activities have once again proven to be a vibrant and valued part of our school community, with an impressive number of pupils getting involved in the wide range of opportunities available.

#### During the 2024-2025 academic year:

- 1,233 pupils (70.1%) took part in clubs and activities across the school
- 70% of Pupil Premium pupils (113 pupils) participated in at least one activity
- 75% of SEND pupils (167 pupils) engaged in clubs and activities

These figures highlight the positive impact of our co-curricular offer in supporting inclusion, enrichment, and pupil development.

#### **Participation in peripatetic music lessons**

During 24/25 240 pupils received music tuition.

55 pupils with SEND received tuition (22.91% of total pupils receiving tuition, 25.94% of total SEND population). One-to-one music tuition provides tailored learning to the individual, containing support and challenge at the appropriate level. Research consistently demonstrates that learning a musical instrument can have a positive impact on learning and progress beyond peripatetic music lessons.

44 pupils eligible for PP funding received tuition (18.33% of total pupils receiving tuition, 28.38% of total PP population). Having lessons in school addresses hidden barriers such as parental ownership of a car, residential distance from place of tuition, and instrument hire/purchase costs (we loan instruments free of charge).

In total, 5,492 lessons were delivered last year (137,300 minutes, or 2,288 hours of tuition).
